Summary

I am a recent graduate of IronHack Paris' web development boot camp seeking a solutions engineer role to continue my professional development. My experience includes full stack development with JavaScript, Express.js, React.js, Node.js, and MongoDB. In addition to my technical skills, I bring with me 13 years experience in management and client relations.

Education

2021 Ironhack, Paris - Web Development Bootcamp, BAC +4

- Built full stack project using Express.js, Node.js, MongoDB and Axios
- Built single page application using React.js
